

Remarks:

Applicant's undersigned attorney acknowledges with appreciation the Examiner's indication that previously submitted Claim 3 defines patentable subject matter. The Examiner notes that the art cited and considered fails to teach the use of a command selected from among OptionalMfgFunctions 1 through 5 of SBS.

The independent claims remaining for consideration here, Claims 1, 9 and 10, have all been amended to recite this limitation. Having adopted the characteristic which the Examiner found absent from the prior art, it is respectfully submitted that the amendments are appropriate for entrance and place this application in condition for favorable reconsideration and allowance, which are solicited.

Respectfully submitted,

By:
